EXPERIENCE

Mortgage Cadence | 06/2017 to Current

mortgagecadence.com

UI/UX Designer

Worked on multi-million dollar SaaS platform for digital mortgage applications (B2B & B2C). Designed for consumer & client facing interfaces. Main duties include: design sessions with PMs, POs, & BAs and stakeholders. Created Comps & flows for complex multi-user web applications. Drove & implemented WCAG 2.1 compliance. Worked with multiple teams and across internal products in Agile. Other duties include: assisting with CSS styling & components, Focus Groups, Demos, etc.

NEWMEDIA | 12/2015 to 1/2017

newmedia.com

Designer & Front-End Developer

Main duties included: client discovery process, creating wireframes, style tiles, art direction, logos, and comps for small to mid size businesses. Front end development of Wordpress sites; used Github for production & staging environments, and live prototyping. Other duties included client presentations and client trainings. Worked with team to discover design solutions while achieving client goals, budget, and staying within timeline.

PTMD Publishing | 06/2013 to 11/2015

ptmdpublishing.com
